1501 North University, Suite 228
Little Rock, Arkansas 72207

Dear Mr. Couch:

This is in response to your submission on behalf of Arkansans for Compassionate Care for certification of the popular name and ballot title for a proposed initiated act pursuant to A.C.A. § 7-9-107 (Repl. 2007). Four similar measures were rejected due to ambiguities in the text of the proposed acts. *See* Ops. Att’y Gen. 2013-033, 2013-015, 2011-038 and 2011-023. This office substituted the popular name and ballot title and certified a proposed measure on April 18, 2011, in Op. Att’y Gen. 2011-049. You have made changes to the text of the measure and resubmitted your previously proposed popular name and ballot title, as follows:

Popular Name

THE ARKANSAS MEDICAL MARIJUANA ACT

Ballot Title

An act making the medical use of marijuana legal under Arkansas state law, but acknowledging that marijuana use, possession, and distribution for any purpose remain illegal under federal law; establishing a system for the cultivation, acquisition and distribution of marijuana for qualifying patients through nonprofit medical marijuana dispensaries and granting those nonprofit dispensaries limited immunity; allowing localities to limit the number of

nonprofit dispensaries and to enact reasonable zoning regulations governing their operations; providing that qualifying patients, and nonprofit dispensary agents shall not be subject to criminal or civil penalties or other forms of discrimination for engaging in or assisting with the patients' medical use of marijuana; requiring that in order to become a qualifying patient, a person submit to the state a written certification from a physician licensed in the state of Arkansas that he or she is suffering from a qualifying medical condition; establishing an initial list of qualifying medical conditions; directing the Department of Health to establish rules related to the processing of applications for registry identification cards, the operations of nonprofit dispensaries, and the addition of qualifying medical conditions if such additions will enable patients to derive therapeutic benefit from the medical use of marijuana; setting initial maximum registration fees for nonprofit dispensaries; establishing qualifications for registry identification cards; establishing standards to ensure that qualifying patient registration information is treated as confidential; directing the Department of Health to provide the Legislature annual quantitative reports about the medical marijuana program; setting certain limitations on the use of medical marijuana by qualifying patients; establishing an affirmative defense for the medical use of marijuana; establishing registration and operation requirements for nonprofit dispensaries; setting limits on the amount of marijuana a nonprofit dispensary may cultivate and the amount of marijuana a nonprofit dispensary may dispense to a qualifying patient; prohibiting certain conduct by and imposing certain conditions and requirements on physicians, nonprofit dispensaries, nonprofit dispensary agents, and qualifying patients; establishing a list of felony offenses which preclude certain types of participation in the medical marijuana program; and providing that the sale of usable marijuana is subject to all state and local sales taxes.

The Attorney General is required, pursuant to A.C.A. § 7-9-107, to certify the popular name and ballot title of all proposed initiative and referendum acts or amendments before the petitions are circulated for signature. The law provides that the Attorney General may substitute and certify a more suitable and correct

popular name and ballot title, if he can do so, or if the proposed popular name and ballot title are sufficiently misleading, may reject the entire petition. **Neither certification nor rejection of a popular name and ballot title reflects my view of the merits of the proposal. This Office has been given no authority to consider the merits of any measure.**

In this regard, A.C.A. § 7-9-107 neither requires nor authorizes this office to make legal determinations concerning the merits of the act or amendment, or concerning the likelihood that it will accomplish its stated objective. In addition, consistent with Arkansas Supreme Court precedent, unless the measure is “clearly contrary to law,”¹ this office will not require that a measure’s proponents acknowledge in the ballot title any possible constitutional infirmities. As part of my review, however, I may address constitutional concerns for consideration by the measure’s proponents.

Consequently, this review has been limited primarily to a determination, pursuant to the guidelines that have been set forth by the Arkansas Supreme Court, discussed below, of whether the popular name and ballot title you have submitted accurately and impartially summarize the provisions of your proposed amendment.

The purpose of my review and certification is to ensure that the popular name and ballot title honestly, intelligibly, and fairly set forth the purpose of the proposed amendment or act.²

The popular name is primarily a useful legislative device.³ It need not contain detailed information or include exceptions that might be required of a ballot title, but it must not be misleading or give partisan coloring to the merit of the

proposal.⁴ The popular name is to be considered together with the ballot title in determining the ballot title's sufficiency.⁵

The ballot title must include an impartial summary of the proposed amendment or act that will give the voter a fair understanding of the issues presented.⁶ According to the court, if information omitted from the ballot title is an "essential fact which would give the voter serious ground for reflection, it must be disclosed."⁷ At the same time, however, a ballot title must be brief and concise (*see* A.C.A. § 7-9-107(b)); otherwise voters could run afoul of A.C.A. § 7-5-522's five minute limit in voting booths when other voters are waiting in line.⁸ The ballot title is not required to be perfect, nor is it reasonable to expect the title to cover or anticipate every possible legal argument the proposed measure might evoke.⁹ The title, however, must be free from any misleading tendency, whether by amplification, omission, or fallacy; it must not be tinged with partisan coloring.¹⁰ A ballot title must convey an intelligible idea of the scope and significance of a proposed change in the law.¹¹ The ballot title must be intelligible, honest, and impartial.¹²

Having analyzed your proposed amendment, as well as your proposed popular name and ballot title under the above precepts, it is my conclusion that I must reject your proposed popular name and ballot title due to ambiguities in the *text* of

your proposed measure. A number of additions or changes to your ballot title are, in my view, necessary in order to more fully and correctly summarize your proposal. I cannot, however, at this time, fairly or completely summarize the effect of your proposed measure to the electorate in a popular name or ballot title without the resolution of the ambiguities. I am therefore unable to substitute and certify a more suitable and correct popular name and ballot title pursuant to A.C.A. § 7-9-107(b).

I refer to the following ambiguities:

1. Section 103(a) permits a Qualifying Patient to engage in Medical Use of marijuana, subject to a 2.5 ounce Usable Marijuana possession limit. Section 102(h) defines “Medical Use” to include cultivation. The proposal thereby clearly permits Qualifying Patients to grow marijuana, subject to the possession limit on Usable Marijuana. Ordinarily, I would merely summarize in the ballot title my conclusion that a proposal has a given effect. But some aspects of the proposal, and its history, suggest that you do not intend in fact that Qualifying Patients be permitted to cultivate marijuana. The proposal implies in several sections – *e.g.*, 105(a)(v), 105(f)(i), 108(f), 109(b)(9) – that only Nonprofit Dispensaries may engage in cultivation, but it does not prohibit patient cultivation. Your 2011 proposal provided for limited Qualifying Patient cultivation, and the ballot title so stated. The current proposal omits that provision, and the proposed ballot title omits any mention of the question. You are quoted in a news source to the effect that your intention in deleting the provision was to eliminate so-called “grow-your-own.” The proposal, providing otherwise, is ambiguous.

2. Section 103(d) provides that a Nonprofit Dispensary may accept seeds, etc., from another (Arkansas) Nonprofit Dispensary. There appears to be no other lawful way for an entity to create and build a stock of marijuana with which to commence operating as a Nonprofit Dispensary (*see, e.g.*, section 105(h), prohibiting transfers by Cardholders – including Nonprofit Dispensary Agents, through which Nonprofit Dispensaries presumably must act – to anyone other than a Qualifying Patient). Imaginative supply scenarios involving out-of-state suppliers acting in compliance with their own law are unavailing because the proposal defines “acquire” to include only “source[s] herein authorized.” The proposal authorizes no such sources. It is accordingly ambiguous in implying that Nonprofit Dispensaries may be established but failing to provide for the lawful

start-up of the *first* Nonprofit Dispensary, without which no other Nonprofit Dispensaries may lawfully be established.

These two ambiguities mean that a proposal apparently intended to have dispensaries and no home growing actually has home growing and no dispensaries. Such a fundamental failure in drafting must be pointed out whenever perceived. Regardless of a proposal's history, I will point out its ambiguities and other faults as and when I perceive them.

Making law is a serious enterprise that merits greater attention to detail than your measure reflects. The proposal contains misspellings (*e.g.*, “and” for “an” in section 102(g)(i)) and inconsistent usage (*compare, e.g.*, sections 107(a)(ii) and 107(a)(v)), even in defined terms (*e.g.*, “Useable Marijuana” in section 108(e)(ii) and “Usable Marijuana” in section 108(e)(iii)). It contains improper usage (*e.g.*, “denied” for “denial” in section 110(a)(iv)). It contains mistakes in its numbering scheme (*e.g.*, there is no section 105(i)). It contains surplusage (*e.g.*, the word “or” at the end of section 102(j)(iii)). It contains provisions seemingly in direct conflict with one another (*compare, e.g.*, sections 105(h) and 103(d)). It contains provisions that, while using different language, appear to be largely repetitive of each other (*compare, e.g.*, sections 103(b) and 107). It contains logical disconnects (*e.g.*, “Usable Marijuana” is defined to exclude roots of the marijuana plant, but section 108(e)(ii) refers to “unusable roots,” implying the existence of “usable roots”). It omits provisions that one might expect to see in current proposals (*e.g.*, section 109(b)(1) permits Nonprofit Dispensaries to incorporate under title 4, chapter 28, of the Arkansas Code, but does not permit incorporation under the newer Nonprofit Corporation Act of 1993, which appears at title 4, chapter 33). It may be profitable for you to engage in a painstaking review and revision to eliminate ambiguity arising from such matters.

Some of your revisions in response to my comments or otherwise have themselves introduced ambiguity or failed to cure the ambiguity noted. For instance, I noted an ambiguity in a provision requiring all marijuana to be “dispensed by an individual,” a requirement inconsistent with the existence of entities called Nonprofit *Dispensaries* (your term; my emphasis). The requirement may have been included in order to prohibit marijuana vending machines. If so, you might have eliminated the ambiguity while continuing to prohibit vending machines. You only deleted the requirement, so the issue of vending machines now may be

an open question. In another instance, you changed the caption of section 103(h) to introduce something called “Qualifying marijuana paraphernalia,” a thing not defined or otherwise addressed. In some instances, you have not made any changes in response to my comments. I noted, for instance, that the body of your proposal implies that an individual may be a Nonprofit Dispensary but that the definition of the term provides that a Nonprofit Dispensary must be an “entity.”

I do not repeat here all the ambiguities I have previously noted that you have not addressed or have addressed inadequately, but they as well as the ambiguities noted here must be addressed adequately before I will be able to certify a ballot title.

My office, in the certification of ballot titles and popular names, does not concern itself with the merits, philosophy, or ideology of proposed measures. I have no constitutional role in the shaping or drafting of such measures. My statutory mandate is embodied only in A.C.A. § 7-9-107 and my duty is to the electorate. I am not your counsel in this matter and cannot advise you as to the substance of your proposal.

At the same time, however, the Arkansas Supreme Court, through its decisions, has placed a practical duty on the Attorney General, in exercising his statutory duty, to include language in a ballot title about the effects of a proposed measure on current law. *See, e.g., Finn v. McCuen, supra*. Furthermore, the Court has recently confirmed that a proposed amendment cannot be approved if “[t]he text of the proposed amendment itself contribute[s] to the confusion and disconnect between the language in the popular name and the ballot title and the language in the proposed measure.” *Roberts v. Priest*, 341 Ark. 813, 20 S.W.3d 376 (2000). The Court concluded: “[I]nternal inconsistencies would inevitably lead to confusion in drafting a popular name and ballot title and to confusion in the ballot title itself.” *Id.* Where the effects of a proposed measure on current law are unclear or ambiguous, it is impossible for me to perform my statutory duty to the satisfaction of the Arkansas Supreme Court without clarification of the ambiguities.

My statutory duty, under these circumstances, is to reject your proposed ballot title, stating my reasons therefor, and to instruct you to “redesign” the proposed measure and ballot title. *See* A.C.A. § 7-9-107(c). You may, after clarification of

the matters discussed above, resubmit your proposed amendment, along with a proposed popular name and ballot title, at your convenience. I anticipate, as noted above, that some changes or additions to your submitted popular name and ballot title may be necessary. I will be pleased to perform my statutory duties in this regard in a timely manner after resubmission.

Sincerely,

DUSTIN MCDANIEL

(a) Qualifying Patient. (b) Presumption.

(i) A Qualifying Patient is presumed to be lawfully engaged in the Medical Use of marijuana in accordance with this chapter if the Qualifying Patient is in actual possession of a Registry Identification Card and possesses an amount of marijuana that does not exceed the amount allowed under this chapter.

(ii) The presumption made in section 103(c) (i) may be rebutted by evidence that conduct related to marijuana was not for the purpose of treating or alleviating the Qualifying Patient's Qualifying Medical Condition or symptoms associated with the Qualifying Medical Condition, in accordance with this chapter.

A Cardholder who is also a Qualifying Patient shall not be subject to arrest, prosecution or penalty in any manner or denied any right or privilege, including but not limited to a civil penalty or disciplinary action by a business or occupational or professional licensing board or bureau, for giving up to 2 ½ ounces of Usable Marijuana to a Cardholder who is also a Qualifying Patient for the Qualifying Patient's Medical Use when nothing of value is transferred in return or for offering to do the same.

law or regulations.

A Registry Identification Card, or its equivalent, that is issued under the laws of another state, district, territory, commonwealth or insular possession of the United States that allows a Visiting Qualifying Patient to possess or use marijuana for Medical Use in the jurisdiction of issuance has the same force and effect when held by a Visiting Qualifying Patient as a Registry Identification Card issued by The Department provided that the same Qualifying Medical Condition as defined in section 102(l) exists, except that a Visiting Qualifying Patient is not authorized to obtain marijuana from a Nonprofit Dispensary.

(i) The initial Nonprofit Dispensary application fee shall be a maximum of \$5,000.

(ii) The total amount of revenue from Nonprofit Dispensary application and renewal fees and Cardholder fees shall be sufficient to cover the costs of administering the Nonprofit Dispensary provisions of this chapter, except that the fee revenue may be offset or supplemented by private donations or appropriations by the General Assembly. The Department may establish a sliding scale of application and renewal fees based upon a Qualifying Patient's family income.

(e) Adding Qualifying Medical Conditions.

(i) Not later than 180 days after the effective date of this chapter, The Department shall adopt rules that govern the manner in which The Department shall consider petitions from the public to add medical conditions or treatments to the list of Qualifying Medical Conditions set forth in section 102(l).

(ii) In considering such petitions, The Department shall include public notice of, and an opportunity to comment in a public hearing upon, such petitions.

(iii) In considering such petitions, The Department shall add medical conditions or treatments to the list of Qualifying Medical Conditions set forth in section 102(l) if patients suffering from the medical conditions or undergoing the treatments in question would derive therapeutic benefit from the use of marijuana, taking into account the positive and negative health effects of such use. The Department may consider published studies in peer-reviewed journals, physician testimony, and public comments made pursuant to 104(e)(ii) in making such determination.

(iv) The Department shall, after hearing, approve or deny such petitions within 60 days of their submission. The approval or denial of such a petition constitutes final agency action, subject to judicial review, and jurisdiction for judicial review is vested in the Circuit Court of Pulaski County.
