

STATE OF ARKANSAS
ATTORNEY GENERAL
LESLIE RUTLEDGE

Opinion No. 2015-148

January 13, 2016

David A. Couch
Attorney at Law
1501 North University, Suite 228
Little Rock, AR 72207

Dear Mr. Couch:

I am writing in response to your request for certification, pursuant to Ark. Code Ann. § 7-9-107 (Supp. 2015), of the popular name and ballot title for a proposed constitutional amendment.

At the outset, I wish to make clear to you that the decision to certify or reject a popular name and ballot title is in no way a reflection of my view of the merits of a particular proposal. I am not authorized to, and do not, consider the merits of the measure when making my determination to certify or reject a popular name and ballot title.

The Attorney General is required, pursuant to Ark. Code Ann. § 7-9-107, to certify the popular name and ballot title of all proposed initiative and referendum acts or amendments before the petitions are circulated for signature. The law provides that the Attorney General *may, if practicable*, substitute and certify a more suitable and correct popular name and ballot title. Or, if the proposed popular name and ballot title are sufficiently misleading, the Attorney General may reject the entire petition.

Section 7-9-107 neither requires nor authorizes this office to make legal determinations concerning the merits of the act or amendment, or concerning the likelihood that it will accomplish its stated objective. In addition, consistent with Arkansas Supreme Court precedent, unless the measure is “clearly contrary to

law,”¹ this office will not require that a measure’s proponents acknowledge in the ballot title any possible constitutional infirmities.² Consequently, this review has been limited primarily to a determination, pursuant to the guidelines that have been set forth by the Arkansas Supreme Court, discussed below, of whether the popular name and ballot title you have submitted accurately and impartially summarize the provisions of your proposed amendment.

The purpose of my review and certification is to ensure that the popular name and ballot title honestly, intelligibly, and fairly set forth the purpose of the proposed amendment or act.³

REQUEST

You have requested certification, pursuant to Ark. Code Ann. § 7-9-107, of the following popular name and ballot title for a proposed constitutional amendment:

Popular Name

RESPONSE

The popular name is primarily a useful legislative device.⁴ It need not contain detailed information or include exceptions that might be required of a ballot title, but it must not be misleading or give partisan coloring to the merit of the proposal.⁵ The popular name is to be considered together with the ballot title in determining the ballot title's sufficiency.⁶

The ballot title must include an impartial summary of the proposed amendment or act that will give the voter a fair understanding of the issues presented.⁷ According to the Court, if information omitted from the ballot title is an "essential fact which would give the voter serious ground for reflection, it must be disclosed."⁸ At the same time, however, a ballot title must be brief and concise;⁹ otherwise voters

could run afoul of Ark. Code Ann. § 7-5-309's five-minute limit in voting booths when other voters are waiting in line.¹⁰ The ballot title is not required to be perfect, nor is it reasonable to expect the title to cover or anticipate every possible legal argument the proposed measure might evoke.¹¹ The title, however, must be "free of any misleading tendency whether by amplification, omission, or fallacy, and it must not be tinged with partisan coloring."¹² The ballot title must be honest and impartial,¹³ and it must convey an intelligible idea of the scope and significance of a proposed change in the law.¹⁴

Furthermore, the Court has confirmed that a proposed amendment cannot be approved if "[t]he text of the proposed amendment itself contribute[s] to the confusion and disconnect between the language in the popular name and the ballot title and the language in the proposed measure."¹⁵ The Court concluded that "internal inconsistencies would inevitably lead to confusion in drafting a popular name and ballot title and to confusion in the ballot title itself."¹⁶ Where the effects of a proposed measure on current law are unclear or ambiguous, it is impossible for me to perform my statutory duty to the satisfaction of the Arkansas Supreme Court without (1) clarification or removal of the ambiguities in the proposed amendment itself, and (2) conformance of the popular name and ballot title to the newly worded amendment.

It is my opinion, based on the above precepts, that a number of additions or changes to your ballot title are necessary in order to more fully and correctly summarize your proposal. I cannot, however, at this time, fairly or completely summarize the effect of your proposed measure to the electorate in a popular name or ballot title without the resolution of the ambiguities in the text of your proposed amendment itself. And thus I cannot determine precisely what changes to the ballot title are necessary to fully and correctly summarize your proposal. It is therefore not appropriate, in my opinion, for me to try to substitute and certify a more suitable and correct popular name and ballot title pursuant to Ark. Code Ann. § 7-9-107(b). Instead, you may, if you wish, redesign the proposed measure and ballot title, and then resubmit for certification. In order to aid your redesign, I highlight below the more concerning ambiguities in the *text* of your proposed amendment.

- Section 3(a) provides that a cardholder may not be “denied any right or privilege ... for the medical use of marijuana....” Section 6(b)(3) provides that the amendment does not require a person in possession of property “to allow a guest, client, customer, or other visitor to use marijuana on or in that property....” The proposal is ambiguous with respect to whether a person possessing property is required to admit a customer, etc., who is inebriated as a result of his medical use of marijuana elsewhere. If the proposal is indeed intended to require such a customer’s admission notwithstanding that a person who is inebriated as a result of lawful use of alcohol elsewhere could lawfully be excluded, you should consider whether the ballot title should disclose this disparity.
- Section 3(c) provides, in essence and in part, that a designated caregiver may give marijuana to a qualifying patient “when nothing of value is transferred in return.” The extent to which this provision prohibits a qualifying patient from paying compensation to his or her designated caregiver, or from reimbursing the designated caregiver for his or her payments to a dispensary for marijuana to be used by the qualifying patient, is unclear.
- Section 3(i) provides, among other things, that property “used in connection with the medical use of marijuana” may not be seized or forfeited. It is unclear, and thus I am unable to summarize in a ballot title, whether property used partly in connection with medical use, and partly in connection with illegal activities relating to marijuana, is protected from seizure.

- Section 5(c)(1) requires the department to “verify” the information contained in an application for a registry identification card. Section 5(c)(2)(C) provides that the department may deny an application *only* if false information in the application was “knowingly falsified.” The provisions directly conflict and contradict one another. The department cannot “verify” (confirm the truth of) false information, yet the proposal would require the department to approve an application containing false information that was not “knowingly falsified.” As the provisions are inconsistent, I cannot summarize in a ballot title the standards by which the department will approve and deny applications.
- Similarly, section 5(a)(1) requires submission of a “written certification” with an application for a registry identification card. A “written certification,” as defined in the proposal, is a document issued by a physician licensed in Arkansas after a “full assessment” of the patient, concluding that a qualifying medical condition exists and that a risk-benefit analysis supports medical use of marijuana by the patient. Section 5(c)(2)(D) provides that the department may deny an application *only* if “the written certification was not made in the context of a bona fide physician-patient relationship.” The latter provision implies that the department will be powerless to deny an application containing a written certification made in the context of a bona fide physician-patient relationship but containing false statements with respect to the conduct of a full assessment, the existence of a qualifying medical condition, or the conduct or result of the risk-benefit analysis. As the provisions are inconsistent, I cannot summarize in a ballot title the standards by which the department will approve and deny applications. Additionally, the phrase “bona fide physician-patient relationship” is so vague that it is impossible to state in a ballot title the extent of the required relationship between physician and patient.
- The proposal implies that a qualifying patient may receive from dispensaries a maximum of 2.5 ounces of marijuana every two weeks. The only real limitation contained in the proposal, however, is that a *single dispensary* may not dispense more than 2.5 ounces to a patient every two weeks. There appears to be no prohibition on a patient’s obtaining 2.5 ounces every two weeks from *every* dispensary in the state. As the proposal does not actually limit the patient in the way implied, the proposal is ambiguous and not susceptible of being summarized, in this aspect, in a ballot title.

- Section 8(e)(10)(B) requires rules that permit local governments to limit dispensaries' hours of operation but not to less than ten hours per day. Section 14(a) provides that a local government may apply to dispensaries the "same" zoning regulations it applies to pharmacies. The proposal is ambiguous with respect to the authority of a local government that limits pharmacies' operating hours to less than ten hours per day.
- Section 15(a)(1) prohibits a physician from offering remuneration to a dispensary. There is nothing in the proposal that would prohibit a physician from also being a qualifying patient. While "remuneration" normally refers to payment for work or services, the word also may refer to payment for goods. Interpreted literally, the proposal would prohibit a physician who is also a qualifying patient from purchasing marijuana from a dispensary.

CONCLUSION

The ambiguities noted above are not necessarily all the ambiguities contained in your proposal, but they are sufficiently serious to require me to reject your popular name and ballot title. I am unable to substitute language in a ballot title for your measure due to these ambiguities. Further, additional ambiguities may come to light on review of any revisions of your proposal.

My office, in the certification of ballot titles and popular names, does not address the merits, philosophy, or ideology of proposed measures. I have no constitutional role in the shaping or drafting of such measures. My statutory mandate is embodied only in Ark. Code Ann. § 7-9-107, and my duty is to the electorate.

Based on what has been submitted, my statutory duty is to reject your proposed ballot title for the foregoing reasons and instruct you to redesign the proposed measure and ballot title.¹⁷ You may resubmit your proposed act along with a proposed popular name and ballot title at your convenience.

Sincerely,

LESLIE RUTLEDGE
Attorney General

(c) A qualifying patient or designated caregiver shall not be subject to arrest, prosecution, or penalty in any manner or denied any right or privilege, including without limitation a civil penalty or disciplinary action by a business, occupational, or professional licensing board or bureau, for giving, or offering to give, up to two and one-half ounces (2 ½ oz.) of usable marijuana to a qualifying patient or designated caregiver for the qualifying patient's medical use when nothing of value is transferred in return.

(2) For the purposes of medical care, including without limitation organ transplants, a qualifying patient's authorized use of marijuana in accordance with this amendment is considered the equivalent of the authorized use of any other medication used at the direction of a physician and does not constitute the use of an illicit substance.

(k)(1) A registry identification card or its equivalent that is issued under the laws of another state, district, territory, commonwealth, or insular possession of the United States that allows a visiting qualifying patient to possess or use marijuana for medical use in the jurisdiction of issuance has the same force and effect when held by a visiting qualifying patient as a registry identification card issued by the Department of Health if the same qualifying medical condition exists.
